# 02 WHAT ARE OHIO FOR JESUS AND THE EVERY DISCIPLINES?

This booklet walks through the Every Disciplines, a critical piece of the Ohio Ministry Network's 10-year strategic plan, Ohio for Jesus. Ohio for Jesus exists because we recognize that a broken society is the outflow of a weakened church. We want to see the Church awaken to develop and deploy Spirit-empowered leaders for healthy, multiplying churches and ministries. We desire to see kids, teens, and adults, young and old, forgiven, healed, and whole as we reach Ohio for Jesus.

Ohio for Jesus is divided into four major areas we call drivers: Leader Development, Church Health, Church Multiplication, and Missions Partnership. Each of these drivers has several Every Disciplines that give specific ways to engage and grow in that driver area. As you work to incorporate Ohio for Jesus into your life and ministry context, the best place to start is with

these Every Disciplines. You may already be implementing these disciplines, but this booklet gives a framework for encouragement and accountability in your journey

Just as there are physical disciplines we must apply to our lives in order to be healthy and thriving people; there are spiritual disciplines we must apply to be healthy, thriving disciples of Jesus. The Every Disciplines help give a common language to these spiritual disciplines so we can work together to build healthy, thriving leaders, ministries, and churches for all generations.

# HOW TO **05** USE THIS GUIDE

We are so grateful for the way you want to serve the NextGen all across Ohio. These every disciplines are an age-appropriate guide to help kids & youth incorporate and develop disciplines in line with Ohio for Jesus. There are both leader prompts and kids & youth prompts all throughout this guide.

We realize many ministries are already incorporating these practices and we hope this will be an encouragement and challenge to keep pressing toward more.

## **Here is an idea to implement these ideas:**

**3 months:** Make a list of the things you and your ministry are already doing. See where the disciplines line up. Make a plan for 3 or 4 more disciplines to be added.

**6 months:** How has your progress been? What victories have you seen? Assess how you can add in 3-4 more disciplines.

**9 months:** How has your progress been? What victories have you seen? Assess how you can add in 3-4 more disciplines.

**12 months:** Celebrate your kids and students for the disciplines they have added to their lives. Celebrate with your leadership team(s) the things you have been able to accomplish. Prayerfully consider starting again at the beginning of this cycle to continue to grow in your capacity.

## **Here's the outcome we believe will happen:**

When a child or teenager engages with these every disciplines, we believe our churches will have leaders who are trained and multiplying themselves. This will allow our churches to be healthy, giving and sending to missions and multiplying in their communities.
